

Athletic Complex - Main (Upper) Level

Best View Recommendation:
Stay on the main level as the entrance. The upper level (which is the main level) has the best views for seeing your graduate and taking photos of your graduate.

Bleacher seating on the lower floor level can have an obstructed view. Please do NOT sit on the first 5 rows of bleacher seating.

Please do NOT stand/loiter in the green area. This is the pathway for the graduates to walk to and from the stage. We need to keep these areas clear for them.
