GUEST SPEAKER

Meghan Winegrad, MBA '06

Founder and CEO, Generopolis

As a startup founder and former corporate executive, Meghan Winegrad has spent her career creating, renovating and scaling businesses for some of the world's largest companies. She is founder and CEO of Generopolis, a QR-code-powered, social startup marketing engine. Generopolis helps nonprofits and local businesses grow their marketing reach and bottom lines cost free, while providing customers with deals and discounts. Through Winegrad's transition from corporate innovation specialist to social entrepreneur, she's carried many lessons from her "intrapreneur" experiences across workplaces, including Express Scripts, General Mills, Omnicom and Interpublic. A St. Louis native, she's also a proud Duke Blue Devil and graduate of WashU Olin. Her time outside of work includes traveling to and from ice rinks, baseball diamonds and other assorted fields of play with her husband and two sons. Winegrad was named one of WashU Olin's emerging leaders in 2017. She has also served as a volunteer on the Olin Alumni Board, cochair for the Olin Eliot Society, and in support of the Teal Pumpkin Project and the Make-A-Wish Foundation.

REID TEACHING AWARDS

A longtime benefactor of Olin Business School, James W. Reid, BSBA '28, with his wife, Marcile, established the Reid Teaching Awards in 1994 to recognize teaching excellence. The impact of the Reids' benevolence and commitment to Olin will continue to be felt by generations of students, faculty, alumni and friends. The Reid Teaching Awards are presented by Olin's graduating class to the professors whose enthusiasm and exceptional teaching most inspire, energize and transform our students.
